

Pacific Northwest Association of Masters Swimmers

2012 Local Team Registration

To register your team for 2012, please fill out and return the form below. (Teams must be registered to compete as a team and to be eligible for team awards at the SCY PNA Championships held each April. All team members competing in the meet must be currently registered with USMS.) As of 2009, the definition of a team is a group of four (4) or more swimmers. If you do not expect our team to have four swimmers, please contact me.

PNA will provide each team with a USMS Rule Book, which contains rules for Swimming, Competition, Long distance Swimming, Athletes' Rights, and Organization and Bylaws. Please indicate who should receive the USMS Rule Book
